

LIMASSOL OLD TOWN

Vassiliou Makedonos Street is part of the historical streets of Cyprus and one could well say that it is the street of the stars of the island.

In the early 1900's it was home to Paul Ralli (1903-1952) an actor whom played a significant role in Hollywood's silent movies. It was the home of political social, economic and cultural life on the island.

People of Limassol at the time eloquently called it "Latin Quarter", after the well-known old artistic and historical district of Paris, for the theatrical performances that arrived from Greece.

A 5 level business centre located in the heart of Limassol, a short walk to Limassol's business shopping district and the seafront including the new Limassol Marina.

Consisting 4 levels of spacious contemporary offices with outdoor verandas, green areas, a common cafe-lounge area on the ground floor and a provision for a gym on the 5th floor.

An impressive modern styling, excellent configuration, and top-class build quality makes VASILIOU MAKEDONOS Business Centre visually attractive, offering comfort and cosy atmosphere to work.

A stylish, contemporary lobby housing two elevators for access to all floors. In the centre of the building is an internal garden with suspended bridge feature, and a communal relaxation lounge ideal for socialising.

The entire business centre is secured by remote controlled gates and all the offices have provisions for video entry-phone and alarm systems.

LIMASSOL is the second-largest city of Cyprus with its own biggest port in the Mediterranean, and the new marina located next to the old town, along with the high rise buildings, which are currently being constructed along the city's coast line, adding great value to Limassol's unique character. It is one of the most important tourism, trade and service-providing centres in the area.

Cosmopolitan Limassol is renowned for its long cultural tradition, offering a wide spectrum of activities, from museums and archaeological sites to luxury restaurants and fashionable boutiques.

Combine that with easy transportation, an unmatched business and financial hub and a year-round tourist industry, it's no coincidence that so many businesses are located in the area.

OUR VALUES

We believe that in order to make a difference, our work must be conducted with integrity and transparency – only in this way will our customers get maximum satisfaction.

We constantly aim to deliver excellence, and are passionate about quality at every touch point.

We strive to achieve our goals through hard work, personal dedication and mutual respect.

OUR AIM

Our key aim is to always offer houses and apartments that are built to the highest standards. To us quality is not just a word, it's a way of life, and every aspect of the design and construction process is quality driven.

Buying a home is not something that happens many times during a lifetime. So buyers need to be confident and assured. That's why we will assist at every stage... we'll help find the most appropriate location, style and configuration – and in many cases we can tailor a home to suit individual needs.

We carefully select the most appropriate plots and locations to develop our properties, and design buildings that are distinctive, yet blend sympathetically with their environment – turning innovative and creative thinking into reality.
